ORDERED,

That the State Controller increase allotment in account 014-01A-Z150-65, Coastal Program by \$244,557 in the All Other line category for the purpose of encumbering contracts and paying general operating expenditures; and,

Be it further ordered,  
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2017", for which this shall be our sufficient warrant.

Statement of Fact

This financial order provides funding for anticipated grants and operational expenses in the Coastal Program which administers the Shore and Harbor Management program and the Maine Coastal Mapping Initiative (MCMI) program. The Shore and Harbor Management grants are used for municipal and regional projects in Maine's Coastal Zone. Those eligible to apply include communities in Maine's coastal zone, groups of towns in Maine's coastal zone, coastal Regional Planning Commissions and coastal Councils of Government. The MCMI program goal is a comprehensive bathymetric mosaic for Maine State waters (out to three nautical miles) and eventually, the Gulf of Maine. Revenue for these purposes is derived from transfers from the Shore and Harbor Management Fund and the Submerged Lands Fund. Failure to allot these funds will have a detrimental impact on the programs' ability to award Shore and Harbor Management grants and meet MCMI operational expenses.

ORDERED,

That the State Budget Officer be authorized to continue in account 014-26A-0696-01, Attorney General - Human Services Division, the following position(s) in accordance with Title 5, section 1583-A: one limited-period Research Assistant - Victim Witness Advocate position; and,

Be it further ordered,  
that the State Controller increase the allocation in account 014-26A-0696-01, Attorney General - Human Services Division, by \$18,234 in the Personal Services line category and by \$3,911 in the All Other line category; and,

Be it further ordered,  
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2017", for which this shall be our sufficient warrant.

Statement of Fact

The Office of the Attorney General requests authority to continue one limited-period Research Assistant-Victim Witness Advocate position. Funding is from DHHS, Victims of Crime Act grant. This grant has additional spending authority as the federal government increases the ability of states to respond to the needs of victims of crimes. Maine has 120 cases that comprise unsolved homicide cases, missing persons cases in which foul play is suspected, and suspicious death cases. Family members and loved ones of the victims in these cases have been largely underserved by the criminal justice system. This Advocate will continue to: communicate with these individuals; educate them on their rights and responsibilities; and generally serve as their liaison with the investigators and prosecutors assigned to the investigation through hopeful prosecution of their loved one's murder. The position was established on Financial Order 003440 F6 in FY2016 and is currently funded through 9/30/2016. It is expected that funding will be continued and the position extended via another Financial Order in FY2017. In the 2018-2019 biennial budget, it will be requested that this position be made permanent.

ORDERED,

That the State Budget Officer be authorized to continue in account 014-26A-0696-01, Attorney General - Human Services Division, the following position(s) in accordance with Title 5, section 1583-A: one part-time limited-period (20 hour per week) Assistant Attorney General position; and,

Be it further ordered,  
that the State Controller increase the allocation in account 014-26A-0696-01, Attorney General - Human Services Division, by \$53,647 in the Personal Services line category and by \$6,809 in the All Other line category; and,

Be it further ordered,  
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2017", for which this shall be our sufficient warrant.

Statement of Fact

The Office of the Attorney General requests authority to continue one part-time limited-period (20 hour per week) Assistant Attorney General position. Funding is from Maine's Department of Human Services, Child Protection Division. As a result of increased cases and appeals, together DHHS and the Attorney General's Office have determined the need for an additional 20 hour per week position, which will supplement the work of the appellate team as well as cover trial court litigation. The position was established on Financial Order 003469 F6 in Fiscal Year 2016 and will continue through 6/30/2017. In the 2018-2019 biennial budget, we will be requesting that this position be made permanent by combining it with an existing permanent part-time AAG position (currently held by Geoffrey S. Lewis) in the Human Services, Child Protection Division thereby making one full-time position.

The pilot program that allows those Food Supplement recipients identified as Able-Bodied Adults Without Dependents to connect with a designated consultant to be supported in obtaining work readiness skills and engaging in job searches that will lead to a self-sustaining job is being continued. Be it further ordered,

Statement of Fact

This Financial Order increases allotment in the Chief Medical Examiner - Document Account. This account has experienced higher than anticipated revenues because the Chief Medical Examiner has processed more cremation certificates than originally projected. The increased funds will be used to toward national accreditation effort. Accreditation is a necessary step for Maine's Office of the Chief Medical Examiner as it has been established by the American Board of Pathology as a requirement for forensic pathologists to work in an accredited office in order to keep and renew their board certification. Board certification in forensic pathology is a statutory requirement in Maine to become the Chief or Deputy Chief Medical Examiner. Accreditation also shows that the Office has met the highest and best standards of practice. Failure to allot these funds will risk the Office not being able to recruit qualified personnel.

The Department of Corrections is running a surplus in All Other in some programs due to the establishment of program targets under baseline funding levels. This process resulted in some programs ending the year with savings while other programs ending with a deficit. that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2016," for which this shall be our sufficient warrant.

Statement of Fact

This financial order will provide sufficient funds for payroll shortages during fiscal year 2015-2016. These funds are no longer needed in the original accounts due to savings and can be used to address personal services needs in other accounts. The failure to allot these funds will have a detrimental impact on the programs in that payrolls will not be met.

ORDERED,

That the State Controller increase allotment in account 014-10A-Z035-01, Division of Contract Management, by \$47,022 in the Personal Services line category for the purpose of providing sufficient allotment to process cost allocation journals; and,

Be it further ordered,  
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2016", for which this shall be our sufficient warrant.

Statement of Fact

This financial order will provide sufficient allotment to cover expenditures related to cost allocation journals for Personal Services through the end of the fiscal. These planned expenditures are greater than originally budgeted based on a modification to the cost allocation method. As a cost allocated account, expenditures are reconciled with the earned cost allocation revenue and expenditures are transferred between funds accordingly. The detrimental impact, if this allotment is not increased, is the inability to reconcile the cost allocation plan and save General Fund Allotment.

Funding for this purchase is provided without requirement of state match from the United States Department of Homeland Security, Office of Emergency Communications. These funds are no longer required in All Other for the purpose for which they were originally intended in this fiscal year due to a reduction in contractual needs.
